EVENT INFORMATION

Saturday Venue Rental – Due to the Saturday popularity of this venue, we require a \$4,000 minimum including facility rental fees, Bridal Package, wine pour and additional wine purchases.

A \$1,500 non-refundable facility deposit will secure the winery for the date of your event. A meeting with our Event Director to see the facility, understand layout options and determine what services you would like for us to provide can be arranged to develop the event details. This does not include any deposits that may be required by outside approved caterers.

Receptions are typically booked in four hour blocks, not including the ceremony time. Ceremony times begin at 6:00 p.m. or later which coincides with the closing of the tasting room to our regular customers. The wedding party is allowed access to the lodge room, deck and cottage at 3:00 p.m. for decorating, set-up, dressing, pictures, etc. Additional event hours are available at the prevailing rate by advance arrangement. We ask that non members of the wedding party, guests or musicians utilize the Winery / Tasting Room restrooms for dressing / change of clothing.

In the event of an extension or delay of reception time, due to White County ordinances, quiet time is 11:00 p.m. All alcohol consumption and all music will end by 11:00 p.m. Guests must begin departing the property at this time. BlackStock cannot be responsible for any personal property remaining on the premises after 12:00 midnight. If any rentals or personal items are to be picked up the following day, it must be prearranged and approved by our Event Director.

BlackStock is a **Non-Smoking facility**. We do not permit smoking anywhere in the buildings or in the vineyard. Smoking is allowed in the parking areas only. Since our winery is located within the vineyard, for the safety of your guests and the natural growth of our grapes, we strongly enforce that no guests are permitted in the vineyards. *The Bride and Groom and their family / wedding party may take pictures within the vineyards.* No glassware, food or beverages are allowed outside of the winery and deck area at any time.
